Q 2	<p>Le politiche di Atlassian in merito alla concessione di licenze di tipo "Academic" sono cambiate ed è necessario procedere con una nuova richiesta da parte vostra. In particolare, questo è quanto dice Atlassian: "The process has changed, and now, we kindly ask you to make sure that the customer meets the Qualifying Academic Criteria (https://www.atlassian.com/licensing/purchase-licensing#do-academic-institutions-receive-special-pricing) and then, please have the customer complete the Atlassian Academic license request (https://www.atlassian.com/solutions/survey/academic-license-request#/).</p> <p>For further information, you can check the Provide academic or community pricing documentation (https://atlassianpartners.atlassian.net/wiki/spaces/resources/pages/203600462/Cloud+Quoting+Billing+Licensing+and+Renewals#Provide-academic-or-community-pricing)."</p> <p>Una volta completato il form di richiesta, verrà creato un ticket per l'approvazione della richiesta. Potreste cortesemente condividere il numero del ticket?</p>
